Town Lahore

Dear Sir,
Thank you for choosing SVIFT ENERGY.

We are pleased to share our technical & financial proposal with a comprehensive satellite survey, simulations, location analysis and optimized design implementation with the following details.

We look forward to helping you achieve more energy independence, providing a good investment for years to come, and helping you make a more positive environmental impact. I will follow up with you shortly to review our proposal in more detail and to answer any questions you may have.

System Description:

System Type	:	On-Grid Solar System
Power Rating	:	5 KW

Product Summary:

- Canadian/Longi/Jinko 550/555W **Grade A, Tier -1** Mono-PERC Half-Cut Modules
- Growatt 10KW On-Grid Inverter with **5 Years Warranty**
- Assembled **Standard Structure** with Mounting
- Warranties

We look forward to a long-term business relationship.

Regards,

Engr. Haroon Shahid

Technical Sales Engineer
