PROFILE

I am an enthusiastic, independent, reliable, responsible and hardworking person. I am a mature team worker and adapt to all difficult situations. I can work well both in a team and on my own initiative. I can work well under pressure and meet tight deadlines. Experience and knowledge of basic frontend and server languages. Proficient in creating servers and databases for functions, designing and developing APIs. I am a handy team player in the group, and I also bring a lot of added value to the job. I want to build my career into a dynamic stage in a multidisciplinary organization using my professional or interpersonal skills.

PROFESSIONAL EXPERIENCE

Front end developer

Uptree Developers

Faisalabad, Pakistan

11/2021 - 05/2022

- Spearheaded front-end development initiatives, collaborating closely with design and back-end teams to create seamless user experiences.
- Translated design mock-ups into responsive and interactive web interfaces using cutting-edge technologies such as JavaScript, HTML, CSS, and Bootstrap.
- Demonstrated adaptability and problem-solving skills in addressing various challenges during the development process.

Assistant
